

120 m²

300 m³ = 120m² x 2.5 m

BLUETOOTH

Connect through bluetooth on your device

DISINFECTION

Includes the minutes needed to disinfect the room

MANUAL

Air purifier speed control

TIMER

Automatic shut-down timer

AUTO

Automatic function, checking air quality

AUTO NIGHT

Automatic low noise function, verifying air quality

AMBIENT LIGHT

Air quality status in real time

PRO

Cod: 02203001 **EAN:** 8422248100427

- ❑ High efficiency Air purifier
- ❑ Real time air quality monitoring (indoor & outdoor):
 - Air Quality level
 - VOC
 - CO2
 - Fine Dust Particle
 - NO2 (Industry, Car)
 - Ozone
- ❑ **NONVIRAIR®** purification system stages:
 - Prefilter
 - NONVIRAIR Cell
 - Solid State Carbon filter
 - HEPA H13 Fine dust filter
- ❑ Eliminates all kind of air pollutants (indoor & outdoor):
 - 100% of viruses & bacteria
 - 100% of dust PM10 , PM2.5 & PM1
 - 100% of fine dust PM0,3 and allergens
 - 100% of gas pollution (industry/cigarrete/car smoke, VOC chemical products...)
- ❑ Room coverage 120 m² > aprox 300 m³
- ❑ CADR (Clean Air delivery rate) 600 m³/h
- ❑ Touch control :
 - 6 Air purification speeds
 - Auto mode for autonomous operation based on nocive gas detection.
 - Night mode
 - Intensive mode
 - Timer 1-12 hours
- ❑ Display:
 - Air quality ambient light
 - Large 5" Touch control TFT screen with Real time Air quality level & Graphic
 - Filter change indicator
- ❑ Voltage 220/240 V 50/60Hz.
- ❑ Power 190 W
- ❑ Weight 13,5 kgs

TFT touch 5"
